

## "Modest Violet" Type of Girl Coming Into Demand After War Fashions Show More Conservative Tendencies and A Revulsion From the High Skirt and Extremely Low Neck In Evidence During the War.

By BEATRICE FAIRBANKS

A WHISKY or two days ago a girl wrote to this column saying she was too shy to make friends with men, that she shut up like a clam when they were about, and that she was very unhappy over her fate—the letter was signed "Loneliness Twenty Three."

Up to date I have received for this girl 11 proposals of marriage. 14 letters from men saying they would like to make her acquaintance and 17 from women stating they would be glad to befriend her and try to see that she has a better time. Forty-two in all, letters for a girl whose chief claim to distinction is that she "shuts up like a clam when a man is about."

Are these letters so many strange showings that the wind has begun to blow from a different direction, and now—after a surfeit of the other kind—now looking about for girls of a quieter type?

I am sorry it will be impossible for me to forward any of them mail to "Loneliness Twenty Three," as personal introductions are taboo in this column. But no doubt when she realizes for the first time how men really regard a sweet, modest girl, she will be less ill at ease with them and bolder with the give and take of social talk.

## Resident Has Awful Experience

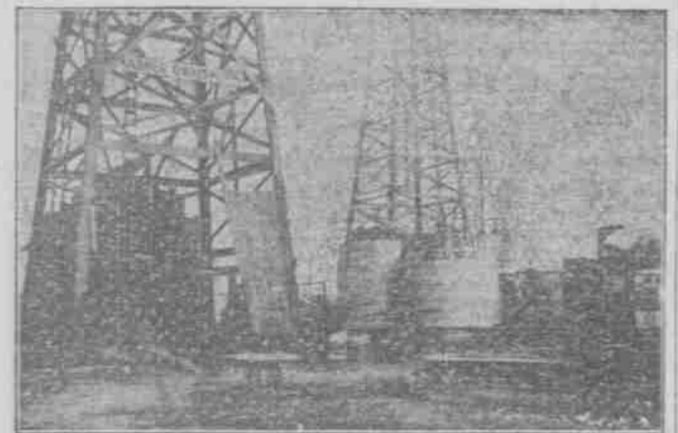

"I was twice confined in hospital. In the last one nothing but great water was injected into me 4 times a day, as my stomach would not retain any food. I suffered terribly. I was reduced to a skeleton. My folks saw an ad of Marie's Wonderful Remedy and I had surely saved my life. I weigh 110 lbs. now." It is a simple, harmless preparation that removes the intestinal mucus from the intestinal tract and allows the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will relieve or money refunded. Kelly & Feltner, 1012 E. 10th St., El Paso, Tex. and drug stores everywhere.—Adv.

## Abner Davis Oil News

BY ABNER DAVIS.

The man who is building an oil and refining business worth many millions, on half a million dollars, real money, very largely furnished by small investors throughout Texas.

Abner Davis Well No. 4 and Storage Tanks.

## Abner Davis Trustee Plan Operation

Abner Davis Well No. 4 Now Producing  
Abner Davis Well No. 5 Now Completed and Drilling in  
Abner Davis Well No. 6 on the Swab  
Abner Davis Well No. 7 Material Now Being Assembled  
The Abner Davis Trustee Plan Is One of Action. Now! Not Tomorrow. No Directors, No Officers, No Squabbling, No Misunderstanding. Action—Results—Profit.

Our 25-acre lease almost in the shadow of the tower derricks, on which we have room for a dozen great gusher wells, will be developed just as soon as the Abner Davis 25 to 1 Well offsetting this lease can be completed. The well has been drilled 1554 feet with the rotary and the new Star rig is already on the location to finish this well.

A shallow well is now being drilled on the 25-acre and many more wells will be drilled to the shallow sands, 125, 140 and 225 ft. in addition to those to be drilled to the big gusher sands around 1725 feet.

Remember This! I do not organize a new company. I do not buy leases at four or five thousand dollars and turn them into the Trustee Plan at four or five times their cost and get the profit to my pocket.

Every dollar of every investor's money in the Abner Davis Trustee Plan goes into actual property, drilling.

Join in with Abner Davis Producing and Refining Oil under the Trustee Plan of Profit-Sharing Man-to-Man. Write me today for terms of getting in on ground floor.

Wichita Falls, Texas

## Old Man Experience

When One Goes To See A Polo Game  
And Sees A Girl Get All Injured

HER NAME is Dorothy.

AND BEFORE I came here.

AT SANTA BARBARA.

I USED to know her.

AND SHE'S a lovely girl.

AND YESTERDAY afternoon.

SHE WANTED to know.

IF MY wife and I.

WERE INTERESTED in polo.

AND BECAUSE we'd never seen it.

WE SAID we were.

AND SHE took us out.

TO THE polo field.

AND THERE were five men.

AND ONE girl.

ALL MOUNTED on horses.

AND THEY had clubs.

THAT LOOKED like croquet mallets.

WITH LONG handles.

AND THERE was a white ball.

AND THEY started.

AND THE object was.

TO MAKE the horses.

RUN AFTER the ball.

AND THEN for the ride.

TO SWING the mallet.

AND HIT the ball.

AND TRY and drive it.

BETWEEN A couple of posts.

AND EVERY little while.

ONE of the riders.

WOULD SWING his mallet.

AND MISS the ball.

AND HIT another rider.

THE "Latest Wrinkle" In Suits For Spring

Careful treatment with this tonic restores health, says Minnesota resident.

Nervous indigestion is a common ailment among Americans. It is the price we are forced to pay when we work beyond our strength, eat hurriedly and fail to get sufficient exercise. Worry and grief are also contributing causes and children who study too hard in poorly ventilated rooms are frequent victims.

It is a disease of the nerves rather than of the digestive organs and is corrected by giving needed nourishment to the nervous system by building up the blood. This is the tonic treatment and its good effects are illustrated in the case of Mr. B. E. Seaver, of No. 2520 Hennepin avenue, Minneapolis, Minn.

"Irregular and hurried eating were partly responsible for my stomach trouble," says Mr. Seaver. "I had severe pains after eating and suffered from sour stomach at all times. I had frequent gas spells and there were attacks when it seemed as though I would suffocate and my heart palpitated. I couldn't sleep well, grew very nervous and was tired all the time."

"I had heard of so many people who had been benefited by Dr. Williams' Pink Pills that I determined to start the treatment. Before I had taken one box there was an improvement in my condition and I kept at it until the nervousness disappeared and I could eat without distress. I no longer feel as though I am suffocating. I sleep well and am rested in the morning. I have told many people about Dr. Williams' Pink Pills for they are certainly excellent for stomach trouble."

To build up the blood there is one remedy that has been a household word for a generation, Dr. Williams' Pink Pills for Pale People. They tone up the entire system, make the blood rich and red, strengthen the nerves, improve the appetite, put color in the cheeks and lips and drive away that unnatural tired feeling. Plenty of sunlight, good wholesome food and fresh air will do the rest.

Two useful books, "Diseases of the Nervous System" and "What to Eat and How to Eat" will be sent free by Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills or you can order them direct by mail, postpaid, at 50 cents per box, six boxes for \$2.50.—Adv.

## Young Bolsheviks Fail In Attempt to Hold Up Cop

Cleveland, Ohio, April 4.—The game of handiwork had proved their belongings—they were profound Hunks, even more, Hun Bolsheviks.

The youngsters—both Cleveland lads, one 16 and the other 14—sneaked, they said, of the order of social affairs and abandoned their homes, dwelling for three days in a cave under the Denison and Harvard bridge here.

In conclusion they paraded, drawing up tens by which their life of out-laws would be governed.

Patrolman August Lyke was their first holdup victim. The two-year-old approached him with a .44 caliber revolver and his pal with a ten inch dagger, just as the officer left his home to report for duty.

He smiled and polished his silver star. Then he disarmed the youths and took them to the juvenile court authorities.

Here they said they were "as brutal as Hun" and could support any law that "prohibited handiwork."

"We're out for freedom; just like the Bolsheviks," said the older lad.

They are being detained by the authorities for investigation. They will not tell what their parents are.

Rooster Wins Fight With Jitnebus; Punctures Tire

Jannetta, Pa., April 4.—An actual combat between a gamecock and a jitnebus was enacted in the road near here—and the bird was the winner.

On that eventful day the gamecock was crossing the road when the jitnebus, a truck of the local bus company, was passing. When it seemed that a front wheel would crush the gamecock the defiant bird flung itself at the side of the tire, dug its spurs deep into the rubber and hung on.

Round and round it went with the wheel until the jitnebus had to stop with a punctured tire.

Then, marching proudly away, the gamecock, minus several feathers and perhaps a bruise or two and certainly with a twist in its eye, was followed by the impression of the jitnebus, who lost a good 45 minutes in mending the punctured tire.

To Help Make Strong, Keen Red-Blooded Americans

JOYFUL EATING

Unless your food is digested without the aftermath of painful acidity, the joy is taken out of both eating and living.
